Green Shield Environmental Ltd

**What is the Bribery Act?**

The Bribery Act 2010 modernises the law on bribery. It came into force on 1 July 2011.

The Act deals only with bribery – not other forms of white collar crime.

**What does the Bribery Act cover?**

The Act is concerned with bribery. Very generally, this is defined as giving someone a financial or other advantage to encourage that person to perform their functions or activities improperly or to reward that person for having already done so.

An example of this could be trying to influence a decision-maker by giving some kind of extra benefit to that decision maker rather than by what can legitimately be offered as part of a tender process.

**What does the Bribery Act not cover?**

The Act is not concerned with fraud, theft, books and record offences, Companies Act offences, money laundering offences or competition law.

**What things does Green Shield Environmental Ltd do to prevent Bribery?**

The Act is not concerned with fraud, theft, books and record offences, Companies Act offences, money laundering offences or competition law.
